

An abstract painting featuring a dark silhouette of a suspension bridge at the top. Below it, a large, bright yellow circular shape, resembling a sun or moon, is partially obscured by a thick, horizontal red brushstroke. A red ring with a white center is positioned in the middle. The bottom half of the painting is dominated by thick, expressive blue and dark blue brushstrokes that suggest water or a turbulent sky. A black diagonal line cuts across the upper left portion of the composition.
